

# EVERI COMPLIANCE AUDIT MANAGER

Everi's Audit Manager saves your casino time, money, and precious storage space.

Audit Manager provides a complete audit of all your gaming documents by automatically indexing them in electronic storage. All documents are scanned, read, and securely stored in your digital archive system, making reporting, retrieval, and reprinting exceptionally fast and efficient. Audit Manager has been field proven to reduce auditing time by an average of 50% and can facilitate reallocation of staff to other priority functions in your enterprise.

**CUT AUDIT TIME UP TO 50%**
